UETHDA was invited and began the process of becoming a partnership agency with United Way of Grater Kingsport. This partnership will provide funding for the FY24-25 program year to meet the needs of ALICE families in the Kingsport area that do not meet the requirements of our CSBG funding requirements. In addition, UETHDA received an initiative grant for the FY 23-24 from United Way of Greater Kingsport for our Road Safe program that will assist neighbors with car repairs in the Kingsport area. We are partnering with TCAT-Kingsport and Northeast State to provide the services. TCAT-Kingsport will provide the service at cost of parts needed for the repairs and no cost for labor. Northeast State will provide an educational training program that neighbors will participate in to teach basic preventive and routine car maintenance for their vehicle. UETHDA has also completed our first cohort for our FIRST Steps program. Already, this new program has resulted in outstanding outcomes as Head Start families have begun their journey to move from poverty to self-sufficiency. Community Services is busy and moving forward with helping people and changing lives.

Thank you!
